

FOUNDATION STUDIES FOR AGRICULTURAL SCIENCE (September intake)

FOUNDATION STUDIES FOR AGRICULTURAL SCIENCE

University Putra Malaysia's Foundation program is administered by the Centre of Foundation Studies for Agricultural Science. The students pursue Foundation programme in a campus environment which enriches their preparation for degree studies. The foundation programme provides the academic background in a range of interesting subjects such as Biology, Chemistry, Physics, Mathematics, Agriculture, English For Academic Purpose, Oral Interaction Skills and Introduction to Information Technology. This programme is designed to prepare students with the necessary foundation to pursue Bachelor programmes at University Putra Malaysia. The Foundation Studies for Agricultural Science Programme is delivered through engaging lectures supplemented with laboratory and field work and projects to build the knowledge and skills necessary to succeed not only in their undergraduate studies, but more importantly, as independent life-long learners.
